Lighting: Nothing to report, thank you!		
Audio: Nothing to report, thank you!		
Scenic: 1. Meghan & Tom: We need more specifics of the placement for cable splitter box. Could we have a mark on Darlene's trailer so we have a reference? 2. Meghan & Tom: Could we have nails or screws for places where Rufus & Darlene are hanging things on the trailers. In addition, where/how we are hanging the wreaths. We have ideas where things can be hung but wanted to make sure placement was okay for everyone.		
Properties: 1. Tom: Could we begin to get the Props that are hung like the: tinsel garland, wreath hangers. 2. Prop #40 Ax: Stephen is going to bring in more of a toy ax, rather than the real thing, so we don't need the other one anymore. 3. Maria will be sending out an updated Props List tonight to the following members of the Prop Team: Tom, Stephen, Jessica & Bev.		
Costume: 1. Linda: We would like a pair of Sunglasses for Betty at the top of the show.
